

RAGHURAM P

.NET Developer

Chennai, Tamil Nadu | +91 7402764846 | raghuram.latha1099@gmail.com | [LinkedIn](#) | [Portfolio](#)

3.5+ Years .NET Development • Enterprise Web Applications • Windows Services Automation • REST API Integration

PROFESSIONAL SUMMARY

.NET Developer with 3.5+ years of experience in C#, ASP.NET MVC, Web API, Entity Framework, ADO.NET, and SQL Server. Experienced in developing enterprise web applications, RESTful APIs, third-party integrations, SQL query and stored procedure optimization, and application security. Hands-on experience building C# Windows Services for automated file processing, SFTP transfers, database operations, email notifications, logging, and exception handling.

TECHNICAL SKILLS

Languages: C#, SQL, JavaScript, HTML5, CSS3

.NET: ASP.NET, ASP.NET MVC, Web API, Entity Framework, ADO.NET, LINQ, .NET Framework

Web/API: RESTful APIs, SOAP, jQuery, Bootstrap

Core: API Integration, Authentication, Authorization, Input Validation, Exception Handling, SQL Optimization

Database: SQL Server, MySQL, SQLite, Stored Procedures, Views

Automation: Windows Services, CSV/Excel Processing, SFTP, Email Notifications

Tools: Visual Studio, Git, log4net

Cloud Exposure: Microsoft Azure (fundamentals)

PROFESSIONAL EXPERIENCE

Developer | Lycatech, Chennai

May 2023 – Present

- Developed and maintained enterprise web applications using C#, ASP.NET MVC, Web API, and SQL Server, building new modules and business functionality to support core operations.
- Designed and integrated RESTful APIs and third-party services, enabling seamless business workflows and data exchange.
- Optimized SQL Server stored procedures, views, and complex queries to improve application performance and reduce query response times.
- Used Entity Framework, ADO.NET, and LINQ to streamline application data access and database operations.
- Implemented authentication, authorization, and input validation to strengthen application security and reduce vulnerabilities.
- Built and maintained C# Windows Services to automate file processing and recurring business operations, with centralized logging and exception handling via log4net.
- Managed version control and branching using Git and collaborated with cross-functional teams to deliver production-ready features on schedule.

PROJECTS

Automated File Processing — Windows Service

Technologies: C#, .NET, SQL Server, SFTP, log4net, Windows Services

- Developed a C# Windows Service to automate scheduled CSV/Excel generation and file-processing workflows.
- Implemented secure SFTP file transfers with automated delivery and SQL Server data storage.
- Configured automated email notifications for successful and failed processing runs.
- Added centralized logging and exception handling using log4net for production troubleshooting.
- Reduced manual effort by automating repetitive file-processing operations across business workflows.

Windows Data Tool

Technologies: C#, Windows Forms, REST APIs, SQL Server

- Built a Windows Forms application integrated with real-time REST APIs for business data processing.
- Implemented role-based login and menu-level access control to secure application usage.
- Synchronized application data with SQL Server to support reporting and analytics.

LIMBOS — Multi-Country Web Application

Technologies: C#, ASP.NET, SQL Server, REST APIs

- Developed and maintained the LIMBOS web application, supporting business operations across multiple countries.
- Fetches and displays data from the database, including real-time notifications for business events.
- Integrated APIs to support core business functionality within the application.
- Implemented login tracking and activity logging, maintaining audit records in the database for traceability.

EDUCATION

Bachelor of Engineering — Mechanical Engineering

K.S. Rangasamy College of Technology | 2022 | CGPA: 8.95

Diploma — Production Engineering

Thiagarajar Polytechnic College | 2018 | 87.98%

CERTIFICATIONS

- DOTNET Full Stack Development** — Accord Info Matrix, Chennai
- J2EE Course** — Accord Info Matrix, Chennai
